Company Name _____ Booth Number _____

Company Address _____

City _____ State _____ Zip _____

Contact Person _____ Phone _____

Authorized Signature _____ **Fax** _____

Please return this form to Shepard to authorize material handling services at the below rates.

All shipments must have proper inbound Bill of Lading with breakdowns. Certified weight tickets are required for all shipments. When shipping a mixed load, separate weight tickets are required to distinguish between skidded machinery and exhibit materials. Mixed load shipments without separate weight tickets do not qualify for the skidded machinery rates and will be invoiced at the regular material handling rate. Adjustments will not be made.

Uncrated machinery will not be accepted at the warehouse. All uncrated machinery should be delivered directly to the facility during move-in or on your designated target day and time. Shepard will receive shipments consigned directly to the facility on installation days. Shepard will deliver to booths, remove, store, and return empty containers.

Use the following machinery scale for your skidded machinery shipment only. All other freight must use the standard Material Handling rates. Skidded machinery is machinery on a skid or a machine on its own which can be picked up and lifted by a Shepard forklift with no rigging equipment. **Machinery rates are discounted rates and no other discounts apply.** All rates apply per shipment.

Direct Shipments to the Exhibit Site

		Shipment Weight	CWT	Rate/100 lbs	Estimated Charges
100-1,000 lbs		lbs.		\$41.00	\$
1,001-5,000 lbs.	35275	lbs.		\$40.00	\$
